

JOB POSITION AVAILABLE

We are seeking persons to fill open positions for Autism Behavioral Coaches with Childhood Autism Treatment Team. The position is one-on-one ABA (applied behavioral analysis) treatment with children on the autism spectrum (age range from 2-18 years) and focuses on behavioral, social, and academic support. Expectations vary based on the functioning & abilities of each child: some need more support with daily functions and some need more socially-based training. Coaches are trained for each individual child, including how to work with each child's strengths & challenges, how to implement programs, and how to perform ABA therapy.

Pay starts at \$10.00/hr and increases with experience. All employees also receive additional travel compensation (up to 30 minutes per child/family per day).

Hours vary from 1.5-4 hour sessions with individual children; weekly hours vary from 2-30 hours depending on availability.

This is a flexible position, an ideal job for college students interested in working with children or interested in mental health/social work.

One year of college preferred; high school diploma required. Transportation is needed.
